ABOUT ME

A highly curious and self-motivated person in the field of Cyber Security. I believe I have the potential to grow in the Information Security field and I am willing to pay the price to get there, in the form of hard work, knowledge, and precious time. Everyone has a superpower and mine is, I am a quick learner.

EDUCATION

Master in Network and Information Security – Cyber Security
Griffith University • Limerick, Ireland • 2020

Bachelor in Computer Applications – Computer Applications
Savitribai university Pune, India • 2018

Higher Secondary – Science • Pune University
Sangola, Maharashtra, India • 2014

Secondary – Science • Pune University
Sangola, Maharashtra, India • 2012

PROJECTS

Sanctuary with Psychology Project — IT Manager – 2020

Universities of Sanctuary Organization started a Sanctuary with Psychology Project to empower people from a social psychological perspective, and on social networking between migrants. My role is to provide technical guidance to the organization.

Ketan Travels — Website Design and Development – 2017

A Kolhapur, India based Travel agency company called Ketan tours and travels gave me an opportunity to bring their company on Digital platform. I single-handedly managed to develop, design, maintain the company's website, server, social media, and SEO.

WORK HISTORY

Apache Pizza, Annacotty – Store Assistant: Part-time Oct 19–Mar 20

As a technical person, working in the food industry was challenging for me. However, I successfully learned everything within a short time span of 15 days. According to the store manager Mr. G. Hussain, “I have the ability to grasp things quickly as well as good understanding skills”.
